

POLSON Motorcoach & RV Resort

Spring 2010

Electronic Newsletter

Welcome to the spring 2010 newsletter!

The new season at Polson Motorcoach Resort starts next month in April; we look forward to welcoming back owners, returning guests and new visitors to this most beautiful resort in The Flathead Valley region of Montana.

“A beautiful spring day from one of our magnificent view lots”

New view lots.

We have been busy during the winter months preparing the resort to ensure that everything is all set for the new season. New phenomenal view lots are being completed along the entire front row. Each lot combines a level of privacy with wonderful views of the surrounding vista. We are certain these lots will become some of our most desirable lots in the resort.

Working during the winter months to ensure completion by spring 2010

A new sales office.

A new sales office has been built to welcome guests and owners to the resort. Our on-site contractors will be showcasing different finishes in the landscape amenities to give new lot owners some inspiration in selecting the finishing touches to their property.

Paul London will be manning the sales office, assisted by Jan Myers, our new associate employee (more about the wonderful Jan later in the newsletter).

2010 Trade Shows

We have already shown at The FMCA Rally, Indio California and again in Florida in 2010. If you missed either of these shows, we will be at the FMCA Rally in Albuquerque, March 22–25th and in Redmond Oregon August 11–14th. For more information please click the links below

[FMCA Rally Redmond Oregon August 11-14th](#)

Once again we will be partnering with our friends at ***Big Rigs Best Bets***, we love their book and feel certain you will want their latest addition - come by to see us and kill two birds with one stone.

We will be delighted to tell you more about the resort and provide you with additional information about lot purchase and rentals for the upcoming season.

The Resort - Spring 2010

Casey's Corner

Welcome to Casey's corner. As you all know I am your one stop read for an update or two on what is going on in the Northwest. In the past, I wrote about a few of the many fun things to do away from Polson. Now I am going to bring it down a notch and mention some great things to do here in Polson. Polson has two great museums that are fun for all ages. The Flathead Historical Museum covers local history of the Flathead Reservations. The life in 1910 exhibits at the Homesteaders' Kitchen, Bedroom and Schoolroom are very impressive. The Historical Museum features a great hands-on Kids' corner with activities, books and a dress-up to the period area. The Historical Museum also has the largest Model Railroad in NW Montana, and it also features the Lewis and Clark Expedition Marionettes made by Blanche Harding. Blanche was a long time Polson resident with an extraordinary talent. Her marionettes were not only fine pieces of working art they were researched representations of Montana and American history. Polson also has the Miracle of America Museum on HWY 93 heading south about 3 miles from downtown Polson. The Miracle of America Museum has over 12,000 artifacts to reflecting America's progress since 1776. You will need to take a day or two to view all of the amazing buildings, boats, vintage cars, trappers' cabin, logging displays, and much more. The Miracle of America Museum is for all ages, so gather up the clan and head on down to relive some great history. If shopping is your heart's desire, head to Polson's downtown. You will find clothing stores, shoe stores, antique shops and souvenir shops If you quilt, knit, or crochet, visit the All in Stitches store in the downtown area. There are lots of great projects there. If you need a Latte' or a bite to eat, Quinn's Wrap Shack is the place for you. So get up off your couch, slip on some walking shoes and head on out for some adventure on a historical trip or a little shopping in Polson's downtown area.

Our newest employee - Jan Myers

We are extremely happy to introduce to you our newest associate employee, Jan Myers. We must first acknowledge that all of the spring photos shown in the newsletter were taken by Jan – so right away you will know she is a talented photographer!

Jan is originally from Seattle and has lived mostly in Polson since 1985. Her grandfather homesteaded here from Sweden and brought his Russian bride to live and raise their family in 1922. Marie Johnson was a well known Polson figure and her life story is remembered in a book. There's a copy in the lending library in the laundry room if anyone is interested in reading up on some local history! Prior to coming to Montana, Jan lived in Anchorage, Alaska, for two years which she enjoyed very much. She has worked most of her life as a secretary in many fields including, aviation, oil, law, accounting, real estate, marketing, human resources, stock photography and the federal government. Jan is an avid photographer and especially loves capturing the local beauty of Montana and the abundant wildlife. Her dream is to travel the world capturing it all on camera. Jan lives in a small log cabin tucked in the hills on the west side of Flathead Lake with her four dogs. Last summer Jan hosted a traveling teddy bear from England who gets passed from photographer to photographer and has been all over the world. If you'd like to see their Montana adventures together click here: <http://www.pbase.com/frimpong>

- **July 17-18, 2010, LIVE HISTORY DAYS**
You'll want to be at the Miracle of America Museum's annual Live History Days celebration July 17th and 18th. There you can watch and often try your hand at numerous crafts. There will be duck decoy carving, spinners, weavers of both wool and wheat straw, lace makers, embroidery and leather workers, quilters, and Native Americans doing bead work, basket making, and soap making. There will be a buck-skinner with a black powder gun, axe throwers, a fly tier, blacksmiths and operators of engines, antique vehicles and tractors. There will be three trains, a tank, army rigs and other vehicle rides, even a pump railroad velocipede, an operating sawmill, and schoolhouse activities. Munch a lunch in the afternoon while you relax and enjoy Montana old time fiddlers, accordionists, banjo pickers and more. Additional artists and craftspeople are welcome to join in for any of the two day event. This is held rain or shine and the main building is air conditioned. Admission is \$5.00 for all over age three, and all rides are included as often as desired. The food is extra. On Sunday at 2 PM, there will be a big screen showing of "Smoke on the Waters" a documentary of steamboats of Flathead Lake, followed by "Timberjack" a 1950's movie partially filmed here. To find us, take either Memory Lane (frontage road) exit off Highway 93 just south of Polson.
