Our staff are all excited to be here in Montana and looking forward to serving you. We want to make your stay a memorable one that you will share with friends you meet along the way.

**Meet our newest owners**, David and Carol Tucker and their adorable little dog, French Fry. The Tuckers hail from Cleveland, Georgia and this was their first trip to Montana. When they came over the Polson Hill and saw Flathead Lake, they knew this was the place for them. They picked out lot #151 and are excited to be spending part of their summer with us. Please be sure to stop by and say hello when you see them.

## Take a hike

Polson is a wonderful place to hike. Climbing to the top of a hillside in almost any direction will give you spectacular vistas that will make your heart soar. Spring is a special time here, with bright green grass speckled with all types of wildflowers. Even the dogs seem to enjoy looking at the view.

We have a wildflower guide in our gift shop that will make it easy for you to identify all the varieties.

## Kerr Dam

These next several weeks Kerr Dam is a site to see. These pictures were taken on May 28th, and as you can see, all the gates are open and a tremendous amount of water is flowing. It's a beautiful walk down a flight of stairs to the overlook and well worth the view. Or you can drive to the bottom and walk around the park area and down to the

family picnic or a game of Frisbee golf and is pet friendly. Don't forget your camera! You might even see an eagle or a hawk soaring

river. Kerr Dam has a vertical drop higher than Niagara Falls, and a self-guided tour. It's a great place for a

in the sky above you.

## Opening Soon! Moby's—A new place to gather in Polson

We are excited to welcome a new restaurant to Polson. Opening soon on High-

way 93, 3 blocks east of Main Street is a place called Moby's. We asked for a sampling of their menu, and here is what you have to look forward to according to the owners: Moby's,... "our place is cookin', is sure to be a happening place for dinner

and lunch this summer! Casual, comfortable with a touch of style. Enjoy a bite to eat with a glass of fine wine or an ice cold beer. We have been busy creating "The Wall of Moby's" a rather unique patio space for those fair weather summer days. Our menu will offer a small twist on contemporary food along with a pinch of the Mediterranean. We'll be a lovely place to gather with your friends!

Toby Slatter and his wife Susan, along with their good friends and partners Marti and Diane Neff will provide a warm welcome when you visit us at... Moby's!

A tempting teaser of Moby's fare. Cold appetizer of pepper seared Ahi Tuna sliced and served with a pineapple, jicama, cilantro coleslaw. Hot appetizer of a Greek Style Shrimp,.. shrimp sautéed with garlic and Sambuca on a roma tomato concassé with capers, Greek olives and feta or Albondigas...a Spanish meatball dish with a Mediterranean spiced cream. Entrees will include a filet of wild sockeye salmon with a lemon and mango maître d' butter, roasted 1/2 duck with a cherry chipotle

relish or roasted pork loin with a brandy and pink peppercorn sauce.

Entrees will be served with the guest's choice of potato or rice and the fresh vegetable of the day. Pasta will include Linguini with chicken, Serrano ham and peas in an aged parmesan cream. Lunch and dinner may be served as weather permits on our lovely new patio space. Lunch will have several creative and tasty panninis, salads or quiche of the day. Don't forget a small but affordable, quality driven wine selection or an ice cold beer after your round of golf or day on the lake! Enjoy an appetizer, beverage, lunch or dinner at Moby's, where the music is easy, service is friendly and the atmosphere is casual. "Our Place is Cookin". Plan your special occasion, office meeting, private parties or just a great meal out at Moby's this summer. We look forward to serving you!

### BRANDY'S GOLF TIP!

#### MAINTAINING THE V!

Not sure if you are aware of your arm hang at the ball, but when you are correctly meeting the ball your arms are in

form of a V. With this being your starting point of your swing, it only makes sense to maintain that some angle at impact. If you are consistently topping the ball, hitting it a little on the thin side, then you should definitely try to maintain that position during your downswing motion.

The V is a major factor in almost every swing. Chipping, Putting, Bunker Play, and Full-Swing.

If you are in need of a Fresh Idea for the new Season, feel free to give me a call. I am now offering Video Analysis with all of my Private Lessons. It is a great learning tool.

Have a great summer!
